

# MTD

## FULL ENCIRCLEMENT FITTINGS

ANSI 150 & ANSI 300 FITTINGS & TEES

MTD Full Encirclement Fittings are manufactured under an ISO 9001 compliant quality management system. Each fitting is designed, manufactured, and tested for use on pipelines operating in accordance with ASME B31.8 and DOT 192. All welding and inspection is performed per API 1104 and ASME section IX.

- ANSI 300: 740 PSI @ 100°F ~ 675 PSI @ 180°F
- Compatible with existing plugging and stopping equipment
- 2" & 3" threaded solid plug and threaded cap
- 4" - 12" flanged with completion plug, o-ring, blind flange and cap screws.

Spare ANSI 300 O-Rings	
Nominal Size	Part Number
2"	9000-0200P-0000
3"	9000-0300P-0000
4"	9000-0400P-0000
6"	9000-0600P-0000
8"	9000-0800P-0000
10"	9000-1000P-0000
12"	9000-1200P-0000

ANSI 300 Completion Plugs	
Nominal Size	Part Number
4"	9000-0400P-0000
6"	9000-0600P-0000
8"	9000-0800P-0000
12"	9000-1200P-0000

ANSI 300 Full Encirclement Weld Tees	
Nominal Size	Part Number
2"	0200-0740T-0000
3"	0300-0740T-0000
4"	0400-0740T-0000
6"	0600-0740T-0000
8"	0800-0740T-0000
10"	1000-0740T-0000
12"	1200-0740T-0000

ANSI 300 Full Encirclement Weld Fittings	
Nominal Size	Part Number
2"	0200-0740W-0000
3"	0300-0740W-0000
4"	0400-0740W-0000
6"	0600-0740W-0000
8"	0800-0740W-0000
10"	1000-0740W-0000
12"	1200-0740W-0000
